**Subject:** San Joaquin Tributaries Settlement Process - Input Needed by 1/18 for Regulatory Process Timeline

Please review and provide feedback by Friday, 1/18 COB.

We are compiling information on the various ongoing regulatory processes and will use this to develop a comprehensive timeline for distribution to the settlement participants. Please use the attached MS word table and fill in/add any applicable regulatory information for known and expected key regulatory milestone dates (feel free to modify the example content and add rows as needed). We will compile responses and prepare a GANTT type timeline to be available prior to the 1/29 Plenary Meeting. If there are website links, critical supporting documents etc. that provide additional detail, please provide this info as well. The intent of the timeline is to provide a somewhat "digestable" overview of all the concurrent processes affecting the tribs.

If you have any questions or suggestions to improve the usefulness of this content, please contact Art Baggett or me.

Thank you,  
Sean
